Media Messages, part of the Media Group, are the winners of emerging Business the 2012 Gold Coast Business Excellence Awards for September.

In 2008, Media Messages commenced as a stand-alone studio with Directors, Ben Harrison and Josh Loftus working from home and in an impressive four short years has grown to a staff of 13 with dedicated production studios based in Nerang, Gold Coast.

Customer service, value for money, and a focus on the highest quality of audio production has been the key to Media Messages' success. These pillars, along with a constant emphasis on innovation are what drive the company to succeed in such a competitive environment.

Media Messages Director, Josh Loftus says he is thrilled that the company has been recognised with this award.

"We have worked hard on continually providing high quality audio solutions for our customers. Our focus is to ensure that all customers, no matter the size, receive a product that will truly enhance their own brand," Mr Loftus said.

"We are proud of the growth that we have achieved and the results that our clients are receiving. This is a testament to our talented team who all share the company's vision of being the number one business audio recording studio in Australia." he said.

The community is incredibly important to this relatively new company and this is highlighted with a percentage of all profits being donated to Variety Australia. The support of such a charity parallels the company's business ethics and focus.

The Gold Coast Business Excellence Awards commenced in 1996 and are celebrating their 17th year of operation.
